<b>Student Name</b>	Azarbakht, Amirhosein	<b>Date</b>	April 20, 2015. 10:44 am
<b>OSU ID</b>	931901446	<b>Degree</b>	PhD
<b>Major</b>	Computer Science		

The Graduate Council Representative (GCR) is the member of your committee who acts on behalf of the Graduate Council to ensure that the policies, procedures and standards are upheld for events leading toward your degree. As such, the GCR is a neutral member of your committee who is not directly affiliated with your major or minor department. The GCR is a full voting member of your committee and should be accorded the same advance notice for arranging meetings and reviewing thesis and/or papers as other committee members.

The graduate faculty members listed below have all expressed an interest in your area(s). You may contact one or all of the individuals on the list. Indicate the faculty member willing to serve on your committee and return this form to the Graduate School.

Faculty, like you, have extremely tight schedules; thus you should allow for as much flexibility as possible in scheduled meetings. You should not expect to select a GCR based on his/her availability for a predetermined meeting time. It is your responsibility to schedule the meetings with the Graduate School at least two weeks ahead of time. Doctoral final exams must be scheduled at least two weeks ahead of time.

In the event you are unable to secure a GCR from this list, you will be asked to meet with one of the Graduate Deans who will assist you. Please indicate the faculty member who has agreed to be your GCR and return this form to the Graduate School.
